However, employees are not entitled to any vacation leave with pay until they have been continuously employed for a period of 6 calendar months.

(2) Persons regularly employed 9 or more months each year but whose continuous employment is interrupted by the seasonal nature of the position shall earn vacation credits. However, such persons must be employed 6 qualifying months before they can use the vacation credits. In order to qualify, such employees must immediately report back for work when operations resume in order to avoid a break in service.

(3) Permanent part-time employees are entitled to pro-rated annual vacation benefits if they have regularly scheduled work assignments and normally work at least 20 hours each week of the pay period and have worked the qualifying period."

- 12.2 In the event of an employee's death, unused earned vacation time will be paid to the employee's heirs at the employee's regular rate of pay, provided the required state form has been completed and made a part of the employee's personnel file.

If the holiday is not used to extend annual leave, the day will be charged as a holiday and not as annual leave against the employee's accrued leave record.
- 12.5 Vacation time can be taken on a split-vacation basis with the approval of the Employer.

- 12.6 A vacation may be extended by 1 additional week of leave without pay, with proper notification and prior approval to the appropriate Management designee.

ARTICLE 14 - SENIORITY

- 14.1 Preference to nursing vacancies and new positions will be given to bargaining unit employees who meet the minimum qualifications of the vacancy and/or position posted. In case qualifications, education, experience, and ability are equal, seniority will prevail.

14.2 Layoffs caused by reduction in working force will be in order of seniority; that is, the employee last hired will be the first released. Employees scheduled to be released under such conditions will be given at least 10 working days notice. All recalls will likewise be in order of seniority. The Employer will notify the employee to return to work and furnish the local unit with such notification. The employee will notify the Employer within 5 calendar days of a decision to return to work or not.

14.2a Vacant positions will be posted to offer equal opportunity to all employees at their respective place of employment. Vacancies will be posted for a minimum of 5 working days. Within that 5 day period, the nurse must submit a written request for the position. Management will notify each nurse not accepted for the position, in writing. 14.2d Bargaining unit RN who moves out of the union to take a non-bargaining unit position within the facility will retain his/her seniority for six (6) months from the starting date for the new position.

14.2e Per diem employees who do not work hours for 6 consecutive pay periods shall not be eligible to participate in the bid process for open positions unless no other bargaining unit member has bid for the position within the established timeframe.

14.3 Seniority will be computed using all hours served in a paid status from the employees date of hire or transfer into a bargaining unit position. The term "all hours served in a paid status" is defined to include: Regular hours worked; Sick Leave (accrued and donated); Vacation; Holidays; Compensatory time. (Excluding overtime hours). Except as provided in Section 14.5, any time an RN is in an unpaid leave status, such time does not count towards hours calculated for the purpose of determining seniority.

14.3a. To be absent from the job due to a layoff will be considered lost time for the purpose of seniority; however, previous service on the Warm Springs campus prior to a layoff will count toward seniority.

- 14.4 Employees whose seniority dates are the same will have their seniority rank determined by lot.
- 14.5 Seniority will not be accumulated over an extended leave of absence of more than 15 days, or in cases of Workers' Compensation when leave exceeds 6 months. Seniority will be frozen at the employee's present level during the leave and will continue again upon returning from a leave.
- 14.6 The Employer shall, upon written request, furnish the Association with a list of vacant Registered Nurse positions and changes in Registered Nurse FTE's including those filled by non-unit employees.

ADDENDUM A - Broadband Pay Plan Provisions

This agreement represents the parties' full and complete agreement for all provisions of the Broadband Pay Plan under the term of this contract.

Section 1. Pay Adjustments. All employees covered by this agreement will receive a base rate adjustment to 85 % of the midpoint of their occupational pay range in Schedule A of this agreement or \$ 00.20 (twenty cents) per hour, whichever is greater. Employees hired on or before May 5, 2012 are eligible for this adjustment.

Section 2. Effective date. The effective date shall be the first day of the first pay period in May 2012. (May 5, 2012)

Section 3. Longevity. All of the calculations are base rates and not inclusive of longevity.

Section 4. Hiring rates. Employees new to state government will typically be hired at the entry for the occupation. In determining a new employee's hiring rate above entry, the Supervisor, or designee, shall consider criteria such as: the employee's job-related qualifications and competencies; existing salary relationships within the job class, band and work unit; department affordability; and the competitive labor market.

Section 5. Training Assignments. The Supervisor or designee may establish written training assignments to enable an employee to gain the additional experience and training required for the job for a period of time not to exceed two years. At the completion of the training assignment, the employee's pay will be set no less than the entry rate of pay for the occupational pay band.

Section 6. Market-based pay: Pay awarded to employees based on comparisons to how other employers compensate employees in similar jobs. Market-based comparisons consider not only base pay, but also other types of compensation and benefits having a definable dollar value. The Department may consider market- based pay adjustments on a case-by-case basis.

Section 7. Competency-based pay: Pay based on an assessment of an employee's job-related competence. The Department may consider competency based pay adjustments on a case-by-case basis.

Section 8. Results-based pay: Pay awarded to employees or employee teams based on accomplishments. Results-based pay may be awarded for specific outcomes or outputs. The Department may consider results based pay adjustments on a case-by-case basis.

Section 9 Strategic pay: Pay awarded to attract and retain key employees with competencies critical or vital to achievement of the Department's mission or strategic goals. The Department may consider strategic pay on a case-by-case basis.

Section 10. Situational pay: Pay based on circumstances that occur that are not encountered in either the majority of jobs in state government or jobs used to make market comparisons. It is intended to address difficulties in recruitment and retention. It may be considered when atypical requirements exist in a position, for example, unusual hours, extreme physical demands, or environmental hazards that are causing recruitment and retention problems. The Department may consider situational-based pay on a case-by-case basis.
